## Terms of Acceptance

When a patient seeks Chiropractic Health Care and we accept a patient for such care, it is essential for both to be working towards the same objective. Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

**Adjustment:** A specific application of force to facilitate the body's correction of a vertebral subluxation. Our Chiropractic method of correction is by specific adjustments to the spine.

**Vertebral Subluxation:** A misalignment of one or more of the (24) vertebra in the spinal column, which causes an alternation of nerve function and interference of the transmission of nervous impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease or condition other than a vertebral subluxation. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct a vertebral subluxation.

I, \_\_\_\_\_, have read and fully understand the above statements.

I, therefore, accept chiropractic care on this basis.

## Authorization for Care

I hereby authorize the doctor to work with my condition through the use of adjustments to my spine, as he/she deems appropriate. I clearly understand and agree that all services rendered to me are charged directly to me and that I am personally responsible for payment. I agree that I am responsible for all bills incurred at this office. The doctor will not be held responsible for any pre-existing medically diagnosed conditions nor for any medical diagnosis. I also understand that if I suspend or terminate my care, any fees for professional services rendered to me will become immediately due and payable.

I hereby authorize assignment of my insurance rights and benefits (if applicable) directly to the provider for services rendered. I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. I understand that the doctor's office will prepare any necessary reports and forms to assist me in collecting from the insurance company and that any amount authorized to be paid directly to the doctor's office will be credited to my account on receipt.

**Ownership of X-ray Films:** It is understood and agreed upon that the payments to the doctor for x-rays is for examination of the x-rays only. The x-ray negative will remain the property of the office. They are kept on file where they may be seen at any time while I am a patient at this office.
